NURSERY SECTION

A new Montessori Section has been added to the school which has 37 children and a Montessori trained teacher and two helpers have been employed for this purpose. The Montessori section was visited by members of other Montessori Schools in Karachi as they had extended help to us in this regard. Overseas Montessori teachers visiting Pakistan also provided their input and advice in relation to our Montessori Section.

KINDERGARTEN (KG-I & KG-II) SECTION

The Kindergarten Section has been expanded and currently has 275 children who are looked after by 18 teachers and helpers.

JUNIOR AND SENIOR CLASSES

The Junior (Class I to V) and Secondary school (Class VI to X) is spread over 4 buildings located next to each other in Bhitai Colony, Korangi. The Junior School has 597 students while the Senior School has 403 students.

LIBRARY, HOME ECONOMICS, PHYSICS/ CHEMISTRY AND COMPUTER DIVISIONS

The Library in each building and the Computer Section continue to function satisfactorily. Similarly the Physics and science Laboratories and the Home Economics Division are fully functioning.

ART & CRAFT EXHIBITION

Arts and Crafts are encouraged at the school as well as creative and performing art. This activity brings out the inherent talent available within the student community.

INHERENT TALENT

Jinnah Foundation is committed to provide and promote human development in the field of education and health at the grass root level of society. The emphasis is on good quality education and health facilities for the benefit of children of low income families at minimal costs or depending on the circumstances, no cost at all. Talent and ability which is inherent in children, is reflected in different areas such as dramatics, elocution and art work all of which are encouraged simultaneously with academic studies. These selected pieces of art in different mediums by students from class III to V of Jinnah Foundation.

MEDICAL AND DENTAL CLINICS

Jinnah foundation is perhaps the only institution which provides “free” medical cover to its students and teachers and for this purpose we have a dedicated medical clinic on the premises.

In addition, we have a dental clinic which operates twice a week and an eye clinic will shortly be established which will also operate twice a week. This results in substantial benefit to our students and teachers.

Inoculation against various diseases are carried out all through the year as our Medical Centre is the official vaccination centre in Bhitai Colony, Korangi.

The students undergo a medical checkup every 6 months and ‘Medical Cards’ are maintained of each student.
